

Accent Curb Appeal

The finish on this custom 2-1/4 inch thick 42 x 96 Honduran Mahogany door had been neglected for years.

The finish was burned off of the bottom 2/3rds of the door and some surface damage to the wood had occurred.

The old finish was stripped and the wood surface restored with a custom stain color followed by 6 mils of sealer and 6 mils of UV inhibited Aliphatic Urethane Clear Top Coat
