

# DJ ARMOR KIT FOR FRENCH DOUBLE DOOR UNIT

**678-360-6883**

**Call now to  
purchase  
&  
schedule  
professional  
installation**

French Double Doors are among the most difficult to secure since they latch to each other in the center at the Astragal.

Utilizing the tested and proven Door Jamb Armor components from our single door system along with a special floor mounted Night Latch our double door armor effectively secures your French door system.

The kit consists of seven components: four hinge shields, a top jamb shield, the active door shield and the floor mounted night latch. Allow 6-8 hrs for professional installation.

**Watch the video of Door Jamb Armor in Action on our web site**
