

**ONCE THEY'RE IN...IT'S OVER!  
AN INTRUDER CAN KICK IN A  
DOOR IN ONLY 45 SECONDS**

Your home security system alerts you after an intruder has entered your home

**Door Jamb Armor  
Helps Stop Thieves  
Before They Enter**

- Inexpensive and easy way to fix doorjamb's that have already been broken and help prevent it from happening again
- Helps landlords and apartment owners secure vacant properties and prevent vandalism and theft during renovation
- Does not impede lawful entry or interfere with normal operation of the locks so its safe for children and the elderly
- The pieces can be installed by most do-it yourselfers in under an hour, can be painted and do not require removal or alteration of the door for installation
- Backed by a warranty that underscores our confidence in these products

**THE FACTS:**

- 20 minutes is the average police response time to a home alarm. An experienced thief is out of a house in less than 5 minutes
- Your deadbolt is secured by a thin piece of soft wood and your "steel" door has a foam core. Three kicks will open the average residential entry door
- Thieves kick in doors because it is the quickest and easiest way into your home
- Fixing or replacing a broken doorjamb can easily cost more than \$500

**DOOR JAMB ARMOR**  
is the easiest, most  
effective and least  
expensive way to repair  
and help prevent  
kick-in damage

## DOOR JAMB ARMOR

**Fix it Once...  
Secure it  
Forever**

One kit repairs broken  
jambs and reinforces  
your doors to help  
prevent intruders  
from kicking  
them in

48 inches  
of steel  
reinforcement

◀ The **Hinge Shields** fit around the existing door hinges and help prevent hinges from being kicked in. Once you secure the jamb, the hinges are the next to go

**Bronze**

◀ The **Door Shields** help prevent the door from splitting when kicked. These are an integral part of the Door Jamb Armor system. Low Profile model is more decorative and comes in oil-rubbed bronze and satin nickel finishes. Ultra and Universal models come as a two-piece set

**Standard**

**Universal**

**Ultra**

◀ The backbone of the system, the **Jamb Shield** is a sleeve that slides over the lock side of the doorjamb to easily repair broken jambs and proactively prevent kick-ins. The Jamb Shield comes with holes to fit Standard (5.5") and Universal (4" to 21") lock spacing. The Ultra model has knock-out holes to fit almost any lock spacing and will work on doors with multiple deadbolts or privacy locks. Jamb and hinge shields secure to stud with 3-1/2" screws (included)

### Combo Sets Include:

**Standard:** Standard Jamb Shield, 2 Hinge Shields and Standard or Low Profile Door Shield

**Universal:** Universal Jamb Shield, 2 Hinge Shields and Universal (2-piece) Door Shield

**Ultra:** Ultra Jamb Shield, 2 Hinge Shields and Ultra (2-piece) Door Shield

**INSTALL FULL SET IN LESS THAN AN HOUR!**
